Logo of the college:

The emblem holds profound symbolism, reflecting the core values and aspirations of education. The lotus signifies the essential role of education in fostering purity and excellence in individuals. The book represents the significance of teaching and learning as fundamental pillars of knowledge.

The lamp symbolizes the illumination that dispels the darkness of ignorance, emphasizing the transformative power of education. It further underscores the responsibility of students to contribute meaningfully to the social and economic development of the nation.

The plough, prominently featured in the emblem, highlights the college's rural agricultural context, dedicated to serving the educational needs of the underprivileged in these areas. It serves as a reminder that students should embody a spirit of service, contributing to the nation's growth and development just as the plough is indispensable to agriculture.

History of the college:

About 15% of the students come from fishermen community. This institution has been producing many distinguished people including state and central ministers, IAS officers, MLAs, Registrars, Scientists, etc. over the 50 years of its existence.

Our Mission:

“Creating individuals with values by giving wholesome higher education, and training their minds to seek solutions to the social, cultural and economic needs thereby enabling them to render vital contribution to the nation-building act”.

The overarching mission of the institution was to ensure that the privilege of education reach young men and women, especially those from the weaker sections of society and to have programmes that ensure the overall development of the students. The institution strives to provide education that transforms young men and women, and enable them to face challenges in their personal and professional lives and maintain a learning atmosphere that reinforces the ideals of professional competence and social commitment.

Our Vision:

“Imparting higher education to the underprivileged and the rural poor thereby nurturing hope for a reliable future”.
